historical
Gallipoli wine
estate
producing wine
and extra-virgin
olive oil since
1498.

Immerse
yourself in the
world of local
producers.

Gallipoli

Wine & Oil Tasting

Wine estate since 1498

*Taste four different labels of Wine
and two types of extra-virgin Olive Oil*

The visit begins inside the private wine museum with the telling of the centuries-old history of the Cantina family lasting since 16 generations. See the wine cellars with oak barrels for aging wines. After the tour, you move to the show room or in the garden for a guided wine tasting. Taste four different glasses of wine (at your choice red or white) and two types of olive oils together with Typical Tarallini, Frisellina and a selection of local products.

The tasting is ideal for those who want to discover the history of a winery, learn more about winemaking processes and agronomic practices used in wine production, and have an approach to technical wine tasting. Those who wish to do so independently can take a walk through the rows of the Patitari vineyard.

Highlights / Includes

- Visit of a historical winery near the coast of Gallipoli
- Learn about the world of wine and olive oil including a little wine museum
- Taste four different glasses of wine (Li CUTI – white, rosé or red Doc Alezio), Rocci, Doxi, Patitari
